The statement as to the cost of the improvements being made on Mr. Andy Rothfuss' residence on West Wood street, was not made in the Review, as claimed by the evening paper. Horse Stolen.
A horse belonging to Mr. John Chapman, a farmer residing near Boody, was stolen from the hitching-post in that town on Saturday night. The animal is a dark bay mare, three years old, about 16½ hands high, and weighs about one thousand pounds. She is without shoes, and badly "sweened" in the left shoulder. Mr. Chapman offers a reward of \$25 for the capture of the thief and the recovery of his mare.
Laid Off.
Alderman Gogerty was yesterday discharged from his position in the Wabash shops in this city, a place that he has satisfactorily filled for 14 yrs. 5 mos. and 8 days. The order for discharge came from headquarters, and the alleged reason is that he owns a property in the fifth ward, that he leases for saloon purposes. Mr. Gogerty's salary has been \$75 per month, and it is pretty rough on him to lose it, but he considers that he has a right to own all the property he can pay for, and has also the right to lease it for any legal purpose.
Anniversary Celebration.
On Sunday afternoon the members and friends of the Evangelical Lutheran church and Sunday school, celebrated the first anniversary of the school. The exercises were held in the church on the corner of North Main and Eldorado streets, and were well attended. The report of the secretary shows that during year past three of the many members of the school were present every Sunday and that four were absent but one Sunday during that period. The exercises which consisted of prayers, responsive readings and songs, were joyously entered into by the members, and at the close each one was presented with a souvenir card, in the shape of a "Luther Statute Medal Card." Rev. Walter, pastor of the church, and Mr. A. G. Webber, a prominent member, delivered short addresses.

FROM WASHINGTON.

President Arthur Orders a Court-Martial on the Swain Charges—The Detail of Members.

A Special Bill to Be Introduced for the Hennepin Canal Appropriation—The Debt Reduction.

Ex-Congressman Seal, of Ohio, Nominated for the Treasury Solicitorship—Work in Congress.

Other National Notes.

SWAIN'S COURT-MARTIAL ORDERED. WASHINGTON, July 1.—The President has ordered that Brigadier-General David G. Swain, Judge Advocate-General of the United States, and Lieutenant-Colonel Albert P. Morrow, of the Sixth United States Cavalry, be brought to trial before a general court-martial, which is appointed to assemble here on September 10. The following is the detail for the court: Major-General J. M. Schofield, Brigadier-General A. H. Terry, Brigadier-General S. B. Hurlbut, Brigadier-General M. M. Murray, Brigadier-General John Newton, Colonel C. R. Smith, Nineteenth Infantry; Colonel G. L. Andrews, Twenty-fourth Infantry; Colonel P. Bradley, Thirtieth Infantry; Colonel H. B. Ayres, Second Artillery; Colonel S. O. Crockett, Tenth Cavalry; Colonel H. M. Black, Tenth Cavalry; Major A. B. Gardner, Tenth Cavalry.

DRUNKENNESS IN THE NAVY SEVERELY REDUCED. Secretary Chandler has written a letter which promises to become a naval classic. A copy of it has been sent to each member of the court-martial which recently tried for drunkenness and failed to convict Lieutenant Edward A. Field, of the Navy. The Secretary tells them that their lenient judgment seems incredible in officers "who regard the honor and the character of their profession."

He says that no head of the department will ever venture to send Lieutenant Field to sea, but that he should be ordered, the ship on which he goes will be at once put in peril and the lives of all on board constantly endangered. The Secretary further tells them in so many words that they have failed in their duty, and that if officers will not condemn officers of their own corps for drunkenness, the legislative branch of the Government will in some way stamp out "the vice of alcoholism among the officers of the Navy."

THE ENGLISH CASE. William H. English, recalled, testified yesterday before the committee that is investigating his conduct on the floor of the House that, while the case of his son against Poole was pending, he had been called on by the Democratic members and pressed the claims of his son. He said he did not know that such conduct was improper. Mr. Springer testified that Mr. English had asked him to see Mr. Cook in the interest of English, Jr., and he had done so. Mr. Cook said that he had been solicited by half a dozen members to vote in favor of young English.

A SPECIAL BILL FOR THE HENNEPIN. The friends of the Hennepin Canal have given up the idea of getting the bill into the House and Harbor bill, owing to the opposition and pressure for adjournment. The Commercial Committee, however, has agreed to report a bill to the Senate making a special appropriation for the canal. The report will be presented soon. It will be made to conform to the House bill, but will not pass this session unless adjournment is protracted until after the National Democratic Convention.

ACTS APPROVED. The President has approved the act granting letters-carriers at free-delivery offices fifteen days' leave of absence in each year, and the act providing for the publication of the report of the Public Land-Commissioner, and the joint resolution for printing the annual reports of the United States Geological Survey.

FINANCIAL. Nearly complete returns to the Treasury Department for the fiscal year which closed yesterday show that the receipts for customs were \$194,173,037, for internal revenue \$121,219,430, and from miscellaneous sources \$37,946,984. The reduction when compared with the preceding twelve months is over \$50,000,000.

THE PUBLIC DEBT REDUCTION. The fiscal year of the Government expired yesterday, and the reduction of the public debt during the year has been over \$100,000,000. The reduction for June will be about \$10,000,000, although the exact figures are not to be obtained until to-morrow.

THE PORTER BILL. The veto of the Fitz John Porter bill will be sent to Congress to-day. General Porter's friends believe that the bill can be passed over the veto of the House, but such a thing is not possible in the Senate.

IOWA CONTESTED SEAT CASE. In the Iowa contested election case of Fredericks vs. Wilson, from the Fifth District, the Committee on Elections, by a vote of 6 to 5, decided to report in favor of Fredericks, the contestant.

MAINE'S SEAL TO SUCCEED HAYBORN. The President has nominated Henry S. Neal, of Ohio, to be Solicitor of the Treasury.

SENATE. WASHINGTON, July 1.—Senator Foster reported to the Senate yesterday that the Committee on Public Lands would present two reports on the question of the Northern Pacific Railroad's unpaid land grant. The same committee reported against giving lands to the survivors of the Maudslayi Meadows massacre on the ground that they have no claim against the Government, and that if they have it should be paid in money. Mr. Cameron, of Pennsylvania, was defeated in an effort to have the Finance Committee declared from further consideration of the bill for the retirement and redemption of silver dollars. The Secretary was directed to call the House to recall the bill to grant the Southern Kansas Railroad Company right of way through Indian territory in order that the Senate might appoint a Conference Committee on it. The bill making a statute of limitations for the Indians in their claims against the Government was amended to read that the limitation shall be three years instead of two. After placing on the calendar a number of minor bills the Senate adjourned for the day.

HOUSE. The House agreed to a conference report in favor of the construction of a bridge across the Mississippi River at St. Paul. Mr. King presented a bill for the purpose of preventing the introduction of cholera into the United States. The Elections Committee, by a vote of 3 to 2, decided to report in favor of Fredericks as against Wilson. The conference report abolishing the office of Inspector-General for the Indian Appropriation bill was not concurred in. In connection with the report on the Fortified Areas Appropriation bill Mr. Horr favored the majority report, particularly the item for the construction of a bridge across the Mississippi River at St. Paul. The House adjourned for the day.

INTO THE RIVER.

A Bridge at Sumner, Mo., Gives Way and a Train Drops Through into the Water—Two or Fifteen Men Thought to Be Missing.

KEOKUK, Ia., July 1.—News reached this city at a late hour last night of a serious accident on the line of the Council Bluffs & Kansas City Railway, "but" owing to the isolation of the point where the accident occurred, it has been difficult to procure details with any degree of accuracy. A construction train returning with the laborers from work on an extension of the road south of Sumner, Mo., was passing over a temporary bridge across Grand River when the structure gave way and the engine, caboose and five cars of the train fell through into the water and mud. It is known that Engineer Phil Beck has sustained injuries that will probably prove fatal, and that James Deck, the fireman, had a leg broken and other injuries. In the caboose were the laborers, and several of the injured have been taken from the wreck. In the last report received at the general offices at this city it was stated that two or three men were missing, and it is supposed they have not been seen since. It is supposed they were taken from the wreck, either by the fall or by drowning. Telegrams from Sumner stated that the work of rescuing the men was being pushed. But no details of the accident were given, or any account of who the missing or injured are. The bridge was thirty feet above the water, and about eight feet of water flows in the channel of the stream. A wrecking train, with Superintendent Law and a crew of men, were on board, left for the scene of the accident about ten o'clock. A special train carrying Assistant Superintendent Levy and Engineer Cunningham had passed over this bridge but a short time previous to the accident. It is not known at this time what caused the bridge to give way.

A GREAT STRIKE PROBABLE. A Serious Crisis in the Sugar Industry—Louisiana Planters Forced to Reduce Wages.

NEW ORLEANS, July 1.—Owing to the repeated overbids and low prices, the Louisiana sugar industry just now is passing through a serious crisis. It has been the best of the sugar planters that they pay higher wages than is paid in any other branch of agriculture in the South, the average ranging from seventy-five cents to \$1.25 a day. A movement has just been inaugurated for a reduction of wages. The planters in several of the sugar parishes met Saturday in Terre Bonne and decided to reduce the rate to ten cents. The planters of Terre Bonne pledge themselves not to pay more than fifty cents a day with rations, or sixty-five cents without, except in the grinding season, when the rate will be respectively seventy-five and ninety cents. It is probable that the action of the Terre Bonne planters will be generally followed throughout the sugar district. It is thought the laborers, almost all colored negroes, will resist the reduction. About one hundred thousand laborers will be affected if the movement becomes general.

Suicide by Starvation.

ATCHESON, Kan., July 1.—Lizzie Bruley, of White County, Douglas County, who started, to commit suicide by starvation, succeeded Sunday morning at three o'clock. She wholly abstained from food for a period of fifty-three days, during which time she also stubbornly refused to speak. Before beginning the act she had lain seven weeks on a bed of sickness, and her system was therefore much reduced. When she began her fast she was healthy. The formal verdict of the physicians was death, by starvation. When she took the strange freak she had an unpleasant quarrel with her father, and the death of a little niece whom she had nursed discouraged her. She resolved upon suicide. She first tried chloral, and that failing she quit eating.

Stockmen Excited.

CHETOPA, Kan., July 1.—There is great consternation among stockmen having ranches in Indian Territory. The Sheriff of the Cherokee Nation, with a squad of Indians, has been taking down all the wire-fencing that incloses larger tracts than fifty acres, that being the limit allowed by the act of the Cherokee Council. The Sheriff contends all the wire he takes down. He began work south of Coffeyville and is taking down the wire as he comes east. Thousands of miles of fencing have been removed. The Indians seem to mean business, and evidently propose to object all intruders.

Forest Fires.

BANGOR, Me., July 1.—There is a heavy forest fire in the woods at Brownsville, along the line of the Katahdin Iron-Works Railroad. The fire is in "woods" prostrated by a gale last fall, and is spreading rapidly. Fire is also reported at Forestville, on the European and North American Division of the Maine Central.

NORTH ADAMS, July 1.—Fire is raging on Graylock Mountain, near Adams. Many acres of valuable woodland are destroyed, and the fire threatens houses near the mountain's base.

Quarantine.

QUINCY, July 1.—Heavy forest fires are raging in the Saguenay district. Fourteen houses were burned at Bale St. Paul.

Sole Over \$12,000 a Year.

LITTLE ROCK, July 1.—Special Master Simm's report of his investigation into the defalcations of ex-Treasurer Churchill was filed yesterday afternoon. He was Treasurer three terms of two years each, and the deficit announced is \$50,520, divided as follows: First term, \$24,300; second term, \$23,008; third term, \$13,203. From this is to be deducted the proceeds of \$2,570 county scrip, held by the Auditor Woodruff, on "hand" which he succeeded in the office. The total deficit does not include the interest.

Killed Two of His Neighbors.

CHATTANOOGA, Tenn., July 1.—News has just been received here that George John E. Moody, a wealthy planter on the Tennessee River, in Jackson County, Ala., became involved yesterday in a difficulty with two of his neighbors named Council, and killed them both with his rifle.

Murdered a Woman.

PHILADELPHIA, July 1.—John Caldwell shot Mary Kelly dead to-day for reproaching him with drunkenness. Caldwell was arrested.

NATIONAL PROHIBITION CAMP-MEETING.

The Opening Day, and a Generous Outpouring of People.

Opening Exercises, Address, Music, Etc., Etc.

Yesterday had been looked forward to with fond hopes, joyous anticipations, and earnest solicitude by a large portion of Decatur's population for several weeks past.

It was to be the inaugural of the great National Prohibition Camp-meeting—the first affair of the kind ever held in this part of the country—and the temperance or prohibition workers had manifested much zeal and enthusiasm in their well-directed efforts to make the occasion a success.

Extensive preparations had been made and extensive and ample accommodations, provided for visitors, who were expected from all parts of the country. Much money and labor had been spent to put the grounds in order, and the large buildings erected and used, as floral hall, mechanics hall, etc., by the Macon County Agricultural Society, have been converted into hotels, while booths and stands are dotted here and there over a large portion of the spacious grounds.

The grounds, which are thickly set with forest trees of thick foliage and in the "heated term," we are now experiencing, they are very inviting.

"Forgetting" the assembling of themselves together, as the manner of some is, the attendance yesterday was not large, but there was a fair audience, and they seemed to make up in earnestness and enthusiasm what was lacking in numerical strength.

The exercises were opened by prayer by Rev. T. W. Pinkerton, pastor of the Christian church of this city. The theme of the address was also addressed by Rev. Dr. Locke, and Rev. J. P. Dimmitt, the prayers being interlarded with excellent music, under the direction of Prof. Lutz.

The address of welcome, or at least what was designated as such on the program, but what was really an able and earnest temperance address, was delivered by President Elder Davies, of this city. This was responded to by Rev. J. W. Haney, president of the association, who, as no address of welcome had been delivered, had nothing especially to say to the audience, with an eloquent dissertation or discourse on the necessity of legislative prohibition. He stated the object of the association and the meeting in a forcible and impressive manner, and was loudly applauded.

After more music, Francis Murphy, who was present, was called to the stand, and entertained the audience for a short time in a happy and half humorous, half pathetic vein. Mrs. Woodbridge, of Ohio, was loudly called for, but excused herself, owing to the lateness of the hour and the fact that Dr. Newman was expected to speak in the evening. She thought that the audience would prefer to excuse her for the present, as she was going to be with them for several days, and they could hear her after some of the other speakers had had their say. This address was then dismissed with a benediction by Rev. Dimmitt.

A much larger audience was present in the evening than during the day, and the most marked attention was paid to the eloquent and logical words of the "old man eloquent," Rev. Dr. Newman. He prefaced his address with a few most happy witicisms and local allusions, and then dealt some sturdy blows at what he considered the greatest social, moral and physical curse of the day and age in which we live. He congratulated his prohibition co-workers upon the progress made in the good work of eradicating this evil, and was happy to know that the cause had the support of over six hundred volumes from the pens of able and competent authors, the support of the church and the religious press of the world, and that even the secular press were either lending the cause its moral support, or else remaining silent on the subject—its silence being a virtual admission of its justness. He handled the subject in a most able, logical and convincing manner, and his remarks were frequently applauded.

At the close of Murphy was called upon and responded in a brief address. The music by Prof. Lutz and his choir was excellent, and was highly complimented.

The program for to-day will be song and prayer service at 9:30 a. m., under direction of Mrs. Woodbridge; brief addresses at 10:30 by Dr. Newman, Francis Murphy, and Dr. Gerard, of New York; Mr. Murphy will also speak at three o'clock in the afternoon.

Dr. Newman lectured in this city eighteen years ago, on "The Holy Land."

The hacks convey passengers to the camp-meeting for the moderate sum of fifteen cents.

Dr. Newman will leave this afternoon for Ottawa, Kansas, where he is to deliver an address on the Fourth of July.

There are about fifty tents erected on the camp grounds, and they will doubtless be occupied during the camp-meeting.

One of the finest and easiest running vehicles plying between the city and the fair grounds is that of Wm. Howell, and it is not the full share of patronage yesterday.

When Francis Murphy was extolling the beauties of Old Ireland last night, and declaring it the finest country under heaven, some one knocked the noise out of him for a few moments by imperceptibly inquiring why he didn't stay there.

Dr. Newman, in his address last night, paid a very high compliment to Rev. J. P. Dimmitt's power, especially the size of it, and to large noses in general. After hearing him on the subject, almost any one would be willing to swap their small proboscis for a larger one.

TAMMANY made a row against Til-
don's nomination in 1876, just as it is
doing against Cleveland now.

It is now the field against Cleve-
land. His success will depend on the
firmness with which his friends
stand by him.

There are a few democrats who
profess to be afraid of Cleveland,
afraid that too many independent
will vote for him, if nominated. There
need be very little trouble about the
straight democratic vote; but the ac-
cession or repul- of independent
voters is what will elect or defeat our
candidate.

The matter of Alderman Gogerty's
removal from his position in the Wa-
bash shops at this place was a sub-
ject of earnest discussion yesterday.
It is generally conceded that if there
can be no other reason assigned than
that generally attributed to it, that it
is wrong, no matter who is the in-
stigator party.

The report which we noticed on
Sunday morning that Alderman Go-
gerty would be bounced from the
railroad shops in case he does not
cease to demand license for his son
to keep a saloon in the Fifth ward,
seems to be confirmed. This looks
like bull-dozing, but our judgment is
that they try it on the wrong man.

Our friend Yorkston of the Ameri-
can Journalist, speaks of the defec-
tion of Harper's Weekly in its fealty
to the grand old party as "a sad
betrayal," and attributes it to old age.
Harper's Weekly has age, and with it
doubtless has learned wisdom. When
the American Journalist is able to
bring as full fruition for its years of
service as the Weekly, it probably
will have learned that all of political
wisdom is not in one party.

Ex-Gov. Seymour, of New York,
whose opinions command universal
respect by the democrats of the na-
tion, says:

It seems from such reports as
reach me, that Gov. Cleveland is the
wise choice of the New York delega-
tion as its candidate for the presiden-
tial nomination at Chicago. I regard
him as a man of great strength in
this state. The elements of opposi-
tion to him in New York are not such
as in my judgment, as would fail to sup-
port him after his nomination. In the
present condition of the republic-
an party in New York, Cleveland
would be voted for by many republi-
cans.

The indications are that the demo-
cratic convention at Peoria will be
one of the largest and most interest-
ing political conventions ever held in
the state. It is the last convention to
be held previous to the National con-
vention at Chicago, and if it act
wisely, it can do much towards nam-
ing the candidates and shaping the
policy of the democracy. The dele-
gation should be chosen from our
best men; they should be men whose
highest aim will be to name a ticket
worthy of the national democracy,
and that will secure the hearty en-
dorsement of the people at the polls.
They should go to Chicago to vote as
a unit, not tied up by instruc-
tions. Put the best men on duty!

Alderman Gogerty was yesterday discharged from his position in the Wabash shops in this city, a place that he has satisfactorily filled for 14 yrs. 5 mos. and 8 days. The order for discharge came from headquarters and the alleged reason is that he owns a property in the fifth ward, that he leases for saloon purposes. A HUNT FOR A LEADER.

Summary of the Preferences of the
Various States for the Democratic
Presidential Candidates.

probable, Notwithstanding His Em-
phatic Refusal to Accept.

SENATING UP THE STATES.

CHICAGO, June 30.—In two weeks the
Democratic National Convention will be in
full blast, and yet at this time all is doubt
as to the strength of proposed candidates.
A month before the Republican Convention
the first choice of most of the delegates was
known and published, and the lines were
drawn much as they appeared during
the last few days of the preliminary
congress and in the battle at conven-
tion hall. The relative strength of Blaine,
Arthur, Edmunds and Logan was well
known, at least approximately. Some good
predictions were made, not only as to the
result of the first ballot, but as to the nomi-
nation itself. But he would indeed be a rash
prophet who attempted to forecast the num-
ber of votes that Cleveland or Bayard or
McDonald will receive next year.

Illinois is the last State of any impor-
tance to hold her State Convention, and all
the delegates have now been selected, with
the exception of about half a hundred.
In the case of Cleveland, the delegates
by complimentary resolution, but did not in-
struct her delegates to vote for him. New
Hampshire's votes are uncommitted, but
were reported for Filden. In Vermont
Filden's name was carried with thousands of
applause, but the delegates are free to act
as they see fit. Massachusetts declared for
Ben Butler. Connecticut cheered Tilden
loudly, but gave no other sign of preference.
Little Rhode Island's delegates are un-
committed, but reported all for Cleveland.
There are reports that a part of Massachu-
setts is ready to desert Butler. With Butler
out of the way New England's first choice
seems to be Governor Cleveland.

New York's choice is much disputed. A
minority of the party oppose Governor
Cleveland, and led by Tammany Hall, are
seeking to carry the vote of the State to
that of a weak candidate in New York.
It is claimed by the opposition that a
majority of the New York delegates are
against the Governor, but this claim is stoutly
denied.

Pennsylvania declared for ex-Speaker
Randall, and will give him united and cordial
support.

New Jersey adopted no resolutions in-
dicating her choice. Cleveland, Payne, Ran-
dall and Bayard are supposed to have
friends in the delegation. Delaware will
present to the convention the name of her
disgraced Senator. Maryland delegates
are uncommitted, but favor Bayard or
Cleveland.

Virginia made no expression of choice
other than for Tilden. All the candidates
have friends in the delegation, particularly
Bayard, Cleveland, and McDonald. North
Carolina is reported divided between Cleve-
land and Bayard, as is South Carolina.
Georgia is said to be solid for Cleveland,
excepting one vote for Bayard, though the
delegation is uncommitted. Alabama
made no expression whatever as to
choice, and the preferences of any of
her delegates have not been reported in
the press. Mississippi passed a resolution
declaring "no man to be more worthy of
the Presidency and Vice-Presidency than
Tilden and Hendricks," but made no ex-
pression regarding other candidates. Lou-
isiana declared for Tilden, notwithstanding
his declination, deeming it the duty of the
party to nominate him and trust to his love
of country and devotion to Democracy to
accept the burden. Texas instructed her
delegates to vote for Filden, and his
letter reaching the Convention during
the session, it refused to re-consider
the resolution of instruction.

The most of the Arkansas dele-
gates are reported for Cleveland. Missouri
gives no instructions, but twenty-nine of
her delegates, according to some accounts,
prefer Cleveland, the other three being for
Bayard. There is a strong cleavage
among the Missouri delegates to give Tilden
a complimentary vote. Tennessee made no
expression regarding candidates, but the
delegates are reported about evenly divided
between McDonald and Cleveland. Ken-
tucky declared for Carlisle, and will doubt-
less give him a complimentary vote. West
Virginia is for Tilden first, and then for
Randall, Payne or Cleveland.

Delaware's delegates are uncommitted and
not hampered by the unit rule. The conven-
tion declared itself in favor of Tilden's
nomination. Indiana presents McDonald's
name with unusual prominence.

The Michigan Convention by resolution
declared Tilden's declination and then seri-
ously considered a proposition to declare
for Cleveland, but the motion was with-
drawn. Tilden's declination was un-
derstood, but not favor Cleveland.

Wisconsin is for Tilden first, and for sec-
ond choice was favorable to Flower.
The Minnesota convention was all for
Tilden. Newspaper reports give Cleveland
as the second choice of most of the dele-
gates. The Iowa Democrats declared for
Tilden without reservation. McDonald is
their reported second choice. Nebraska de-
clared for Tilden by resolution. The sec-
ond choice of the delegates are divided be-
tween McDonald and Cleveland.

Kansas declared for Tilden by
resolution. Second choice unknown.
Colorado adopted a resolution declaring its
preference to sustain Tilden again, but its
delegates are all outspoken for Cleveland.
The Nevada delegates are pledged to the
old ticket. The California Convention de-
clared by resolution for Tilden as first and
Thurman as second choice. Several of the
delegates are pledged not to vote for Field.
Cleveland, Randall, Butler, Bayard and
McDonald are the candidates who have
developed strength in the State Conventions.
Cleveland seems so far in the lead that his
nomination would be assured but for the op-
position in his own State. The sentiment is
so strong for Tilden that a movement to
nominate him by acclamation might sweep
the convention if made at the proper
moment and in the proper manner. Opin-
ions differ so greatly as to the probability of
his acceptance that curiosity may lead to
the only satisfactory test.

The following are the names of some of
the best known representatives of the Dem-
ocratic party who will attend the Con-
vention as delegates:

Colorado, Gov. Grant; Connecticut, Chair-
man W. H. Harrison; Georgia, Gen. A. R.
Baker; Indiana, Thomas A. Hendricks; and
Senator Voorhees; Kansas, Gov. George W.
Glick; Kentucky, Henry Watterson;
Maryland, ex-Gov. John C. Calhoun;
Massachusetts, ex-Gov. Charles J. May and
Congressman Thibault; Massachusetts, Ber-
nardin F. Butler and ex-Mayor Prince; Minne-
sota, Congressman P. H. Rouse; Missouri, Dr.
Morrison; editor of the Kansas City Times

Missouri; Nebraska, ex-Governor Sterling Mac-
donald; New Hampshire, Congressman Allen
W. Sawyer; New Jersey, Governor Albert
Seymour; New York, Governor John A. B. Allen;
Ohio, Governor John T. Patterson; Oregon, Allen
G. Thurman and Durbin Ward; Pennsylvania,
Governor Robert A. Pattison; Rhode Island,
Governor William F. Murphy; South Caro-
lina, Senator Wade Hampton; Texas, Gov-
ernor R. B. Hildreth; Vermont, Governor
Smalley; Virginia, J. S. Barbour, and Wis-
consin, Colonel W. F. Vilas and Judge J. R.
Doolittle.

DEMOCRATIC VETERANS.
CHICAGO, June 30.—In reply to the cir-
culars recently sent out from the headquar-
ters of the National Veterans Association,
Colonel S. D. Baldwin, one of the members
of the Executive Committee, says that al-
ready over fifty letters have been received from
military officers of all ranks who served dur-
ing the war. The association will formally
convene at its temporary headquarters,
114 Monroe street, at eight o'clock on the
morning of the convention. Among those
who have already consented to take part in
the proceedings are General George B. Mc-
Clellan, Colonel Vilas, General Rosecrans,
Steuart, Denver, E. F. Butler, Sigel, Governor
Crittenden and many other distinguished
veterans of the war. Nearly 5,000 names
are already enrolled. After the conclusion
of the convention a mass conference of the
National Veterans Association will be
held in the Exposition Building. Nearly
all of those whose names have been
mentioned will address the
gathering. It is expected that over
5,000 Democratic survivors of the war who
fought in the Union cause will be present.
A permanent organization will be effected.
It is confidently expected that before the
next Presidential election the Association
will have an enrollment of more than
50,000 members. It is essentially a polit-
ical organization, and invites the adhesion
of all who are in favor of a change in the
National Administration.

THE PROHIBITION NATIONAL CONVENTION.
PITTSBURGH, Pa., June 30.—The Nation-
al Prohibition Convention, which will as-
semble in this city on July 23, will be one
of the largest temperance gatherings ever
held in the world. The indications are
that there will be over one thousand dele-
gates present, eighteen States having al-
ready selected their representatives, and
the interest in the convention is in-
creasing every day. The convention
will be held in Lafayette Hall, a place
which is associated with the advanced
political reforms, having been the birth-
place of the Republican party. The main
floor of the building will be set apart for
the exclusive use of delegates, who will be
admitted by States in alphabetical or-
der. There are many names mentioned
but Clinton B. Fiske, of New Jersey, for
President, and John Russell, the veteran
Prohibitionist, of Michigan, for Vice-Pres-
ident, seem to be a very satisfactory com-
bination. Mr. Russell will deliver an ad-
dress on the evening of July 22, on "Polit-
ical Prohibition," as a preliminary of the
convention.

THE ANTI-MONOPOLYISTS.
NEW YORK, June 30.—The Anti-Monop-
oly organization will be represented at Chi-
cago during the session of the Democratic
National Convention by a hundred men, to
be yet named, who, according to the chair-
man, will make "such honorable efforts as
shall seem to them best to secure the in-
dependence, action and nomination of this
organization at its National Convention in
Chicago, May 14, by the nomination of the
candidate for President by it, as the duty
of the Democracy." The circular adds:
"This (Anti-monopoly) vote is led
and represented by General Benjamin F.
Butler, of Massachusetts, who will, under
any circumstances, with without further
indorsement, receive its full force in No-
vember for President."

CONKING TO TAKE NO PART IN THE FIGHT.
BOSTON, June 30.—A special from Utes
says of ex-Senator Conkling that Mr. Conk-
ling will take no part in the campaign, ei-
ther for or against Blaine. He has
been called to Europe on professional busi-
ness in connection with suits of foreign cor-
porations, far from here he has been counsel,
and will remain abroad throughout the cam-
paign. He has nothing to say about politics,
except that under no circumstances will he
take any part in politics again.

A BOOM FOR HOADLY.
CINCINNATI, O., June 30.—The Enquirer
of this morning in a column of doctri-
nary editorials, advocates the nomination
of Governor Hoadly for the Presidency by
the Democrats.

A Distillery and Its Products Burned.
TERRACE HAUER, Ind., June 30.—Fair
banks & Duwag's distillery was destroyed
by fire yesterday afternoon, causing a loss
now estimated at between \$10,000 and
\$125,000, on which there was an insurance
of \$65,000 in fifty-two companies. The
fire, it is thought, caught from the smoke
stack in the roof. The structure was old, and
the blaze soon reached the alcohol tanks, in
which were 15,000 gallons of liquor. These
tanks exploded, and the work of the fire
department was futile except in keeping the
flames from reaching the bonded ware-
house, grain elevators and other out-
buildings. As it was, a half-dozen large
cattle were destroyed. The heaviest part
of the loss comes from the destruction of
the copper stills and other expensive ma-
chinery. The distillery had a capacity of
4,000 bushels a day, but for the last month
had been running only 600 bushels. Mr.
Fairbanks says the distillery will be rebuilt
at once.

The Kate Shelly Medal.
DES MOINES, Ia., June 30.—The medal
awarded to Miss Kate Shelly by the Iowa
Legislature for heroic bravery in saving a
Northwestern passenger train from being
wrecked, and thereby many lives from de-
struction a couple of years ago, and whose
name has become almost National, will be
formally presented to her at Odeson on the
24th inst. It was intended at first to
have the medal formally presented to her
during the session of the Legislature last
winter, but she was extremely adverse to
that plan. The presentation will be made
by Governor Sherman if he can be present.

Many Indians Die of Starvation.
HELENA, M. T., June 30.—It is report-
ed on the authority of Major Allen, an In-
dian agent in Northern Montana, that the
Pigeon Indians are in a desperate state for
want of food. Thirty coffins were supplied
during the past month. As the Indians
have a great dislike to burying in graves, it
is believed about a hundred died during
that time. The supplies for the reservation
are being rapidly exhausted, and trouble is
reared. In a short time the Indians will
have to die of starvation by wholesale or
live on the settlers' cattle.

Fatal Fight Between Amazons.
NEW YORK, June 30.—During a fight
yesterday in a Twenty-eighth street ten-
ament, Catharine Reddy, aged twenty-six,
struck Bridget McNamara, aged sixty, in
the head with a hatchet, probably killing
her. The Reddy woman was severely in-
jured by a beer bottle used by Mrs. Mc-
Namara.

What man has done, man can do. So what
Atholpore, the great specific for rheumatism
and neuralgia, has done for one man it can
accomplish for the case of any suffering mortal.
Many people think because they have suffered so
long they must suffer on, suffer ever. Let them
take home from the case of Mr. Chandler Will-
iams, of Birmingham, N. Y., who, after twenty years
of almost constant pain, gained relief by this
powerful remedy of disease.
